Scam: **Fake Emissions Tests**

What is the Scam?

Buying a fake document or paper that claims your car passed the air quality (emissions) test when it did not.

The Risk

- **It's a serious crime:** Buying a fake "passing" paper can quickly lead to severe consequences, including heavy fines, jail time, or permanent loss of your driver's license.

How to Protect Yourself

- **Use official testing locations. There are two safe, legal ways to test your vehicle's emissions:**
 1. Take your car to an Air Care Colorado station.
 2. Pass through a RapidScreen roadside testing location.
- You can find official testing locations at AircareColorado.com or visit the DMV emissions web page at DMV.Colorado.gov/Emissions for more information.
