

What Else Should I Know?

An alcohol and drug program the court orders you to complete may differ from your Motor Vehicle reinstatement requirements.

Education and treatment must begin after the date of your most recent alcohol or drug violation.

Colorado Revised Statute (CRS 42-2-132) requires completion of a Level I or Level II education and treatment program, and provides for the Affidavit of Enrollment.

If you used an Affidavit of Enrollment, DR 2643, in-lieu of a completed Level II to reinstate your privileges and the Department receives notice from the OBH provider that you are discharged as non-compliant with the Level II program, your license/privilege will be Cancelled & Denied for failing to complete the Level II. A letter will be mailed to you at your last known address on record with Motor Vehicle. Once a letter is sent, you will need to provide proof that there was no lapse in your enrollment (renewed Affidavit of Enrollment) or proof of completion of a Level II program. You cannot use an Affidavit of Enrollment once the Cancel & Deny restraint becomes active.
