

Colorado ID in Wallet Terms and Conditions

These Terms and Conditions apply when you add a Driver License or Identification Card issued by the State of Colorado (“credential”) through the Colorado Department of Revenue, Division of Motor Vehicles (CDOR DMV) to an application (“Digital Wallet”) that will allow you to present the digital or mobile form of your credential (“mDL”) to verify your identity, eligibility, and/or driving privileges with merchants, government entities, law enforcement, and other requesters as a complementary way of presenting your physical state-issued credential pursuant to Colorado law. CDOR DMV reserves the right to update these Terms at any time and without notice as permitted by law, and your continued use of this mDL constitutes agreement to all such changes.

Use of the mDL

Adding your state-issued credential. A credential can be added to the Digital Wallet by following the instructions of the Digital Wallet provider. You will only be eligible to create your mDL and add your mDL to the Digital Wallet if you have already been issued a physical credential by the State of Colorado, and your credential is valid. If the mDL has already been added to the Digital Wallet, CDOR DMV may remove the mDL if your credential has expired for more than one (1) year or if it has been canceled, suspended, or revoked.

Colorado law requires that a physical credential be issued to all applicants that qualify for issuance of a credential, and upon election of the applicant, an mDL may be issued in addition to the physical credential. The mDL will not be the only form of credential issued to you. **A physical credential may be required to be presented in certain circumstances, including but not limited to, interactions with law enforcement.**

Adding your credential to the Digital Wallet enables you to use the mDL wherever it is accepted. **CDOR DMV does not control the use or acceptance of the mDL beyond its use at CDOR DMV.** The mDL may not be accepted at all places where the physical credential is required.

By submitting information to CDOR DMV to add your credential to the Digital Wallet, you agree that you are not impersonating another individual, collecting information about another individual, or violating any state or federal laws. Knowingly submitting false, or fraudulent information may result in civil and/or criminal penalties. Fraudulent use of the mDL may result in civil and/or criminal penalties for the user. CDOR DMV will decide whether to authorize adding your credential to the Digital Wallet. The addition of your credential to the Digital Wallet is approved or denied at the discretion of the CDOR DMV.

Your mDL may be updated, refreshed, or otherwise changed by CDOR DMV, either systematically between CDOR DMV and the Digital Wallet provider, or through CDOR DMV and the Digital Wallet provider records maintenance agreements, at the discretion of the CDOR DMV. This may include, but is not limited to, updates to driving records, orders by a court of law, law enforcement actions, renewals, changes in applicable law, or other types of actions required to update and maintain mDL, driver records or credentials. CDOR DMV is not required, or responsible, for notifying you when these updates, references, or changes occur.

Terms that apply. In addition to these Terms, you agree that when you use the Digital Wallet, you will remain subject to the terms and conditions of your Digital Wallet provider. You understand that those terms and conditions with the Digital Wallet provider may be separate from these Terms, and that CDOR DMV is not a party to those terms with the Digital Wallet provider. The terms and conditions of the Digital Wallet provider may provide restrictions and limitations which may impact your use of the mDL, and such restrictions and limitations may be separate and distinct from these Terms with CDOR DMV.

You agree that only your mobile device service carrier or Digital Wallet provider is responsible for its products and services. Although the CDOR DMV is the provider of the mDL, CDOR DMV has no control over the use of the Digital Wallet. CDOR DMV is not responsible for the security or function of the Digital Wallet or any third-party products or services utilized by the Digital Wallet provider.

Suspension/removal of mDL. CDOR DMV reserves the right to discontinue offering or supporting the mDL or the Digital Wallet for any reason. Unauthorized use of the mDL, including, but not limited to, unauthorized use of or entry into CDOR DMV systems, misuse of information or security credentials, is prohibited and will result in suspension, cancellation, or revocation of your mDL. You may not use the mDL in any fraudulent or misleading manner. Upon learning of any violation of these Terms or any federal or state law related to the use of the mDL or related physical credential, CDOR DMV may suspend, cancel, or revoke the mDL at any time without notice. You agree that CDOR DMV will not be liable to you or any third party for any suspension, cancellation, or revocation of the mDL. Suspension, cancellation, or revocation of the mDL may or may not affect the status of your physical credential.

Privacy and Security

The data that passes between your Wallet Provider and CDOR DMV through the issuance of the mDL will be encrypted. By using the mDL you acknowledge and accept that there is a risk of interception of information by third parties. CDOR DMV is not liable for any loss or damage you may incur in the event of such interception or security breach resulting from your use of the mDL.

By provisioning your mDL through the Digital Wallet you are sending information to CDOR DMV and giving CDOR DMV permission to access your driver license or identification card record to compare information you have supplied to the Digital Wallet provider with information contained on your most recent driver license or identification card record. This comparison is necessary to help prevent fraud and help ensure that you are the person associated with this record prior to approving issuance of your mDL and adding the mDL to the Digital Wallet.

CDOR DMV is not responsible for any errors or omissions in the data or processes of the Digital Wallet provider. The information you provide when adding your credential into the Digital Wallet may be shared with the CDOR DMV. A limited set of the information you provide when adding your credential into Digital Wallet will be shared with the Digital Wallet provider to check for fraud.

You further agree that CDOR DMV may share non-personal information with the Digital Wallet provider to improve the Digital Wallet service. CDOR DMV may provide the Digital Wallet provider with information on the status of its authorization (for example, under review, accepted) so that the Digital Wallet provider may send updates to your device and help manage your driver license or state ID in Wallet. CDOR DMV does not control the privacy and security of your information that may be held by the Digital Wallet provider and that is governed by the privacy policy given to you by the Digital Wallet provider.

Data related to verifying your information may be shared with the Digital Wallet provider and CDOR DMV to finalize the verification of your identity to provision the mDL. By using the Digital Wallet provider's software or application to provision the mDL, you may be consenting to storing the data provided by you through the Digital Wallet on their servers or within their network. CDOR DMV reserves the right, at its own expense, to assume the exclusive defense and control of any matter otherwise subject to indemnification by you, and you shall not, in any event, settle any matter without the written consent of CDOR DMV.
