All out of state vehicles need a title record search from the state they are from in **addition** to the Colorado record search. If no Colorado record is found a national database search is required. You must attempt to contact by certified or registered mail (return receipt requested) the owner of record as indicated on the record search.

- **Record search cannot be over one (1) year old**

Note: A photocopy of the Certified VIN Inspection and additional documents are required to be submitted with this records request. Please go to [DMV.Colorado.gov/vehicle-record-searches](https://dmv.colorado.gov/vehicle-record-searches) for additional information.

Step 3. If the record search indicates an active lien on the motor vehicle, it must be released. The lien release must be on the lienholder's letterhead (letterhead is not required if lienholder is an individual). Copies and photos are accepted and must include vehicle year, make, VIN, titled owner's name(s), agent's signature, and date of lien release. If an attempt is made to secure an acceptable lien release and the lienholder is not available, the following procedure must be followed:

Lienholder is not available - filed in Colorado

- A certified or registered letter must be sent to the lienholder's last known address and be returned as undeliverable. Include this letter with the title application.

Lienholder not available - Out of State Lien (Not filed in Colorado)

- Contact the state of record and request a lien release. Many states will give a statement of release of lien or lien expired. This statement must be on the state's letterhead and be submitted with the title application.
